

CERTIFICATE OF LAWFUL USE OR DEVELOPMENT

TOWN AND COUNTRY PLANNING ACT 1990 SECTIONS 192 (as amended)
Town and Country Planning General Permitted Development Order 2015 (as amended)

APPLICATION NO. 2025/1028

To Mr John Stables
55 Barnburgh Lane
Goldthorpe
Barnsley
S63 9PF

Barnsley Metropolitan Borough Council hereby certify that the development described in the First Schedule hereto, in respect of the land specified in the Second Schedule hereto and edged red on the plan submitted as part of this application, would be lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 (as amended), for the following reasons;

- Based on the information provided by the applicant as part of the submission, which stated that:
 - No members of the public will visit the property.
 - No drivers will attend the site.
 - The use will be ancillary to the main residential use.
 - Only one vehicle will be used from this site for the business use

it is not considered that the proposed running of a taxi booking service from the property would constitute a material change of the use of the property. Therefore, the LPA can see no reason why this certificate of lawfulness cannot be granted.

First Schedule:

Certificate of lawfulness for proposed running of a taxi booking service from residential property.

Second Schedule:

55 Barnburgh Lane, Goldthorpe, Rotherham, S63 9PF

Dated: 30 January 2026

Notes:

1. This certificate is issued solely for the purpose of section 192 of the Town and Country Planning Act 1990 (as amended)
2. It certifies that the use specified in the First Schedule taking place on the land described in the Second Schedule was lawful on the specified date and thus, was not liable to enforcement action under section 172 of the 1990 Act on that date.
3. This certificate applies only to the extent of the use described in the First Schedule and to the land specified in the Second Schedule and identified on the attached plan, and the information of the use submitted in the application submission. Any use which is materially different from that described or which relates to other land may render the owner or occupier liable to enforcement action.
4. The effect of the certificate is also qualified by the proviso in section 192(4) of the 1990 Act, as amended, which states that the lawfulness of a described use or operation is only conclusively presumed where there has been no material change, before the use is instituted or the operations begun, in any of the matters relevant to determining such lawfulness.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.
