4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ◉ Yes ○ No

Do you know the Tree Preservation Order reference number(s) ◉ Yes ○ No

Please enter the title or number for each relevant Tree Preservation Order

Two TPOs cover trees in this area:
TPO 4/1981, and TPO 1/1977.
We are not certain if either extend to this part of the garden.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ◉ Yes ○ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ○ Yes ◉ No

Are you wishing to carry out works to tree(s) in a conservation area? ○ Yes ◉ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ◉ Yes ○ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

A PDF plan, "JCA Original Survey Drawing marked up with position of Trees in this application"
A PDF Document, "description of trees" which includes photos.

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

5. Identification of Tree(s) and Description of Works

Please provide the following information:
- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

We are applying to fell the following trees:

T1, T2 & T3 (2 Photos) Three Silver Birch. These three trees are dead.

T4 (2 Photos) Mature Beech with division at about 2m. There is rot at the division and substantial damage on the west side (see second photo). The tree has little amenity value.

T5 & T6 (1 Photo of one of the trees) Two young trees - species not determined. These are very tall trees with only a small amout of canopy at the top. They are overshadowed by other more mature trees around them. Because of their age it is not thought that they are covered by the TPOs

6. Tree Ownership

Is the applicant the owner of the tree(s)? (•) Yes ( ) No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply? ( ) Yes (•) No
