This architectural drawing shows the rear elevation of a row of residential buildings, labeled PLOT 16 through PLOT 26. The drawing is a detailed line art illustration. It features a variety of architectural styles, including gabled roofs, dormer windows, and multiple window openings. Some plots have small trees or shrubs in front of them. The buildings are arranged in a row, with some having side wings or extensions. The drawing is oriented horizontally, with the plots numbered from left to right. The overall style is that of a technical architectural drawing, likely for planning or construction purposes.
