Details of the pre-application advice received:

Andrew
The extension is to a detached house so we can accept this proposal if it meets the House Extensions SPD i.e:
Extensions to the rear of detached houses will be considered on their design merits where
no adjacent properties are affected.
The house is at 90 degrees to the neighbours to the west so the proposal will not affect them in terms of dominance or overshadowing.
You have screened your terrace to the west so overlooking will not occur.
My main concern is the overlooking of the garden to the south, due to the two terraces. However, there is already a bedroom on this elevation and the ground floor terrace could be screened unless there is a steep slope.
So if you choose to apply can you provide some extra details to address this concern and clearly show the distance involved to avoid doubt.
