## 23. Pre-application Advice

Details of the pre-application advice received

Hi Andrew,

Sorry for the delayed response on this one. I have now discussed the revised scheme with Andrew Burton. He does ..... is aware of the adjacent developments and that the scheme has been reduced in scale and that highways have not raised objections. As such, if an application was to come forward it would be a far more balanced decision and one that has to be taken within the context of the area.

The next step would be to submit a planning application reflecting the revised, reduced scheme. Obviously we cannot guarantee that a scheme can be supported as it has to go through the application process, including consultations with neighbouring residents, but the scheme as it stands is more acceptable than the one the original pre application comments relate.

Let me know if you require anything further and once again sorry for the delay.

Regards

**(a) a member of staff**
**(b) an elected member**
**(c) related to a member of staff**
**(d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

○ Yes ◉ No

*** 'owner' is a person with a freehold interest or leasehold interest with at least 7 years left to run. ** 'agricultural holding' has the meaning given by reference to the definition of 'agricultural tenant' in section 65(8) of the Act.**

**NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.**
