4. Description of Proposed Works

Please describe the proposed works:

A proposed single storey is to be erected in place of an existing conservatory, projecting 6m from the original rear house wall angled to the boundary opposite the rear house wall. The extension is to be of alternative construction to provide a lower impact to the environment with lower embodied energy materials and faster, more efficient building method using a combination of timber frame and steel construction to achieve a sustainable approach to minimise the disturbance onsite and reduce air pollution and noise pollution to the local area. This will provide a more contemporary appearance of vertical timber clad to the main wall accessing the garden and non combustable cladding along the boundary to the neighbouring house on the shared boundary to satisfy fire regulations within 1m of a boundary.

The extension will have a flat EPDM roof with a glazed roof panel for added natural light and bifold doors leading to the patio/garden area

Has the work already been started without consent? ○ Yes ◉ No
