Details of the pre-application advice received:

Dear Darren,
Having consulted Planning Policy with the information you provided 1st August I think that we can say now that we are satisfied that the evidence supports your case the site has only been used privately in the past. That being the case planning policy would not wish to raise objection to an application based upon Core Strategy policy 35 'Green Space', nor seek compensatory provision.
Please however note that any application submitted whilst the UDP proposals maps are still in force would still need to be advertised as a departure to the statutory development plan and that the Council would need to consider any representations which make assertions to the contrary. I would also ask you to note that the above represents the views of Officers and that the decision making power would rest with the Council's Planning Regulatory Board in this case. As a further matter I also reiterate that planning policy would still seek greenspace provision for the new development in accordance with the Open Space Provision on New Housing Developments SPD.
Kind Regards,
Andrew Burton
