

PLANNING CONSULTATION RESPONSE

Application No	2024/0993
Proposal	Erection of access gate and resurfacing of service road
Address	Land off Wood Street, Wombwell, Barnsley, S73 0LH
Date of Consultation Reply	19 th December 2024
Consultee	Highways Development Control

Consultation Assessment and Justification

The proposal introduces a new track and gate to provide restricted access to the telecommunications mast. This will eliminate the need to travel 1500m from Beech House Road and under the A6195 Dearne Valley Parkway.

The access is anticipated to be used infrequently with the only proposed use being for engineers to access the mast for maintenance purposes. As such, the scheme would not have a long-term impact on the public highway, particularly as the proposed works are set back well over 10m from Hough Lane.

Highways DC officers have no wish to raise objection to the scheme. No specific conditions are deemed necessary.

NO OBJECTION*
