Saturday/Sunday: By appointment.

Stone Veneer

Our stone facings are manufactured in the North East of England and once installed provide a traditional appearance at a fraction of the cost of traditional stone work. Each stone is an exact replica from natural stone and is carefully selected for shape, size and texture, giving the finished job a natural authentic stone appearance. Easy to install, no training needed, this product is designed for ease of application, for the DIY and self build customer. Versatile, this product can be applied to most surfaces. Suitable for houses, garden walls, fireplaces and feature walls, both interior and exterior applications. Available in a range of colours to replicate natural stone designs.

Premier bricks cladding facings meet the requirements of standards BS:1881, BS:4551 and ASTM C67,C39,C567, C177-04.
