Wild Bird Specialists

THE Pet Store on Claycliffe Business Park, Barnsley is an Aladdin's cave for pet owners, stocking everything from pet feed to glitzy collars!

Animal lover and owner Liz Langfield moved here in February 2008 after running the business from smaller premises in the Barnsley area for ten years.

The Pet Store has gone from strength to strength and is now a well established business offering everything you could want to make your pet happy.

Liz is part of a friendly team of staff at The Pet Store, who are always on hand to offer specialist advice on purchases for dogs, cats, small animals, caged birds, horses, poultry and fish.

The store also offers a large selection of animal feeds - including a wide variety of wild bird food and feeders.

Earlier this year The Pet Store was extended to include a second floor where customers will find a large range of accessories to pamper their pets including toys, collars, leads, grooming equipment, beds, hutches and cages.

Liz is grateful to her regular customers for their ongoing support and looks forward to welcoming new customers to The Pet Store.

Open: Mon - Sat 9.00am - 5.00pm
