

Manchester Road, Thurlstone, Sheffield

Treeworks -

(See plans for locations)

1. Elder scrub – fell and remove
2. Mature Sycamore – fell and remove
3. Mature Sycamore – fell and remove
4. Semi-mature Lime – fell and remove
5. Mature Sycamore – fell and remove
6. Mature Hawthorn – fell and remove
7. Mature Sycamore – fell and remove

The above trees need to be removed to facilitate the re-building of the Highway retaining wall, this will require the permanent shoring up of the wall foundations with a soil embankment to the rear which will bury the trunks of the trees by up to 2,5 metres.

The whole section of wall from the boundary of 148 Manchester Road to Plumpton Lodge is to be demolished and re-built.

Details of the embankment can be sourced from Barnsley Metropolitan Borough Councils Highways Structures Department in Westgate Plaza 1.

Please contact Hassan Alloub on extension 2120 for precise details of the proposed excavations and rebuilding works.

All the trees are protected by Tree Preservation Orders:-

TPO REF 11 – 1978 – Plumpton & Saville Mills – G4

TPO REF 11 – 1978 – Plumpton & Saville Mills – G5
