
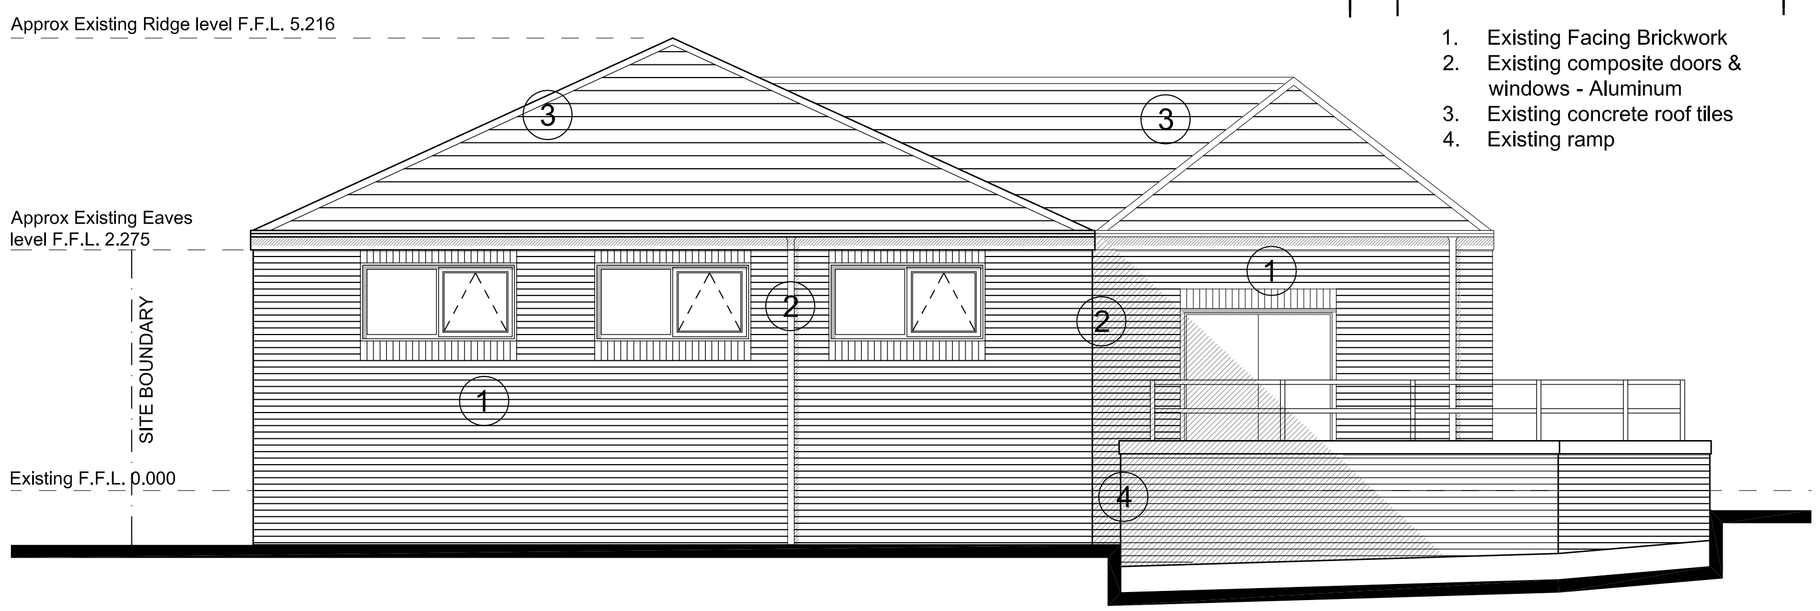
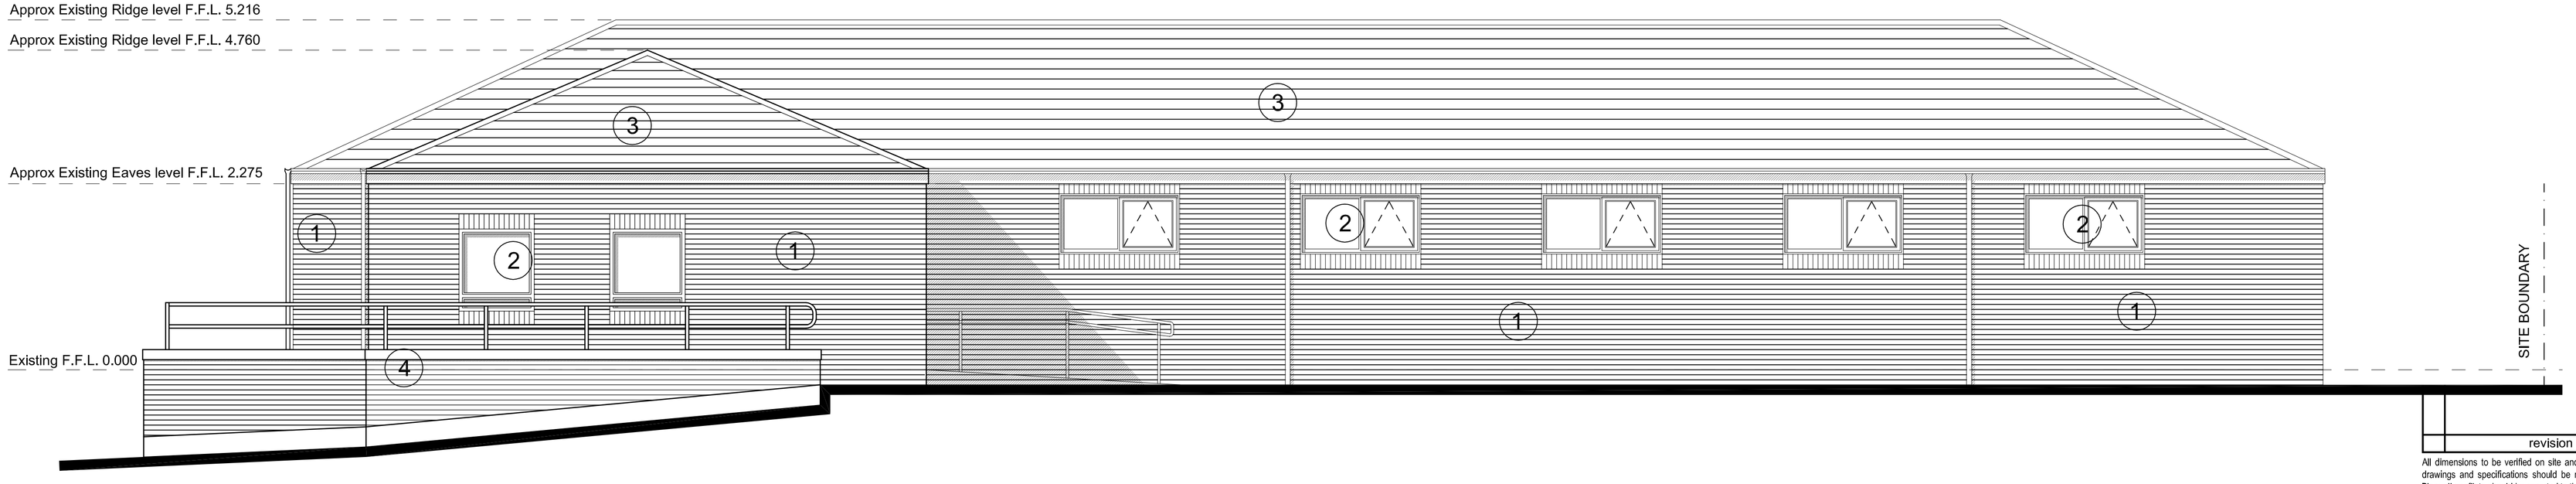
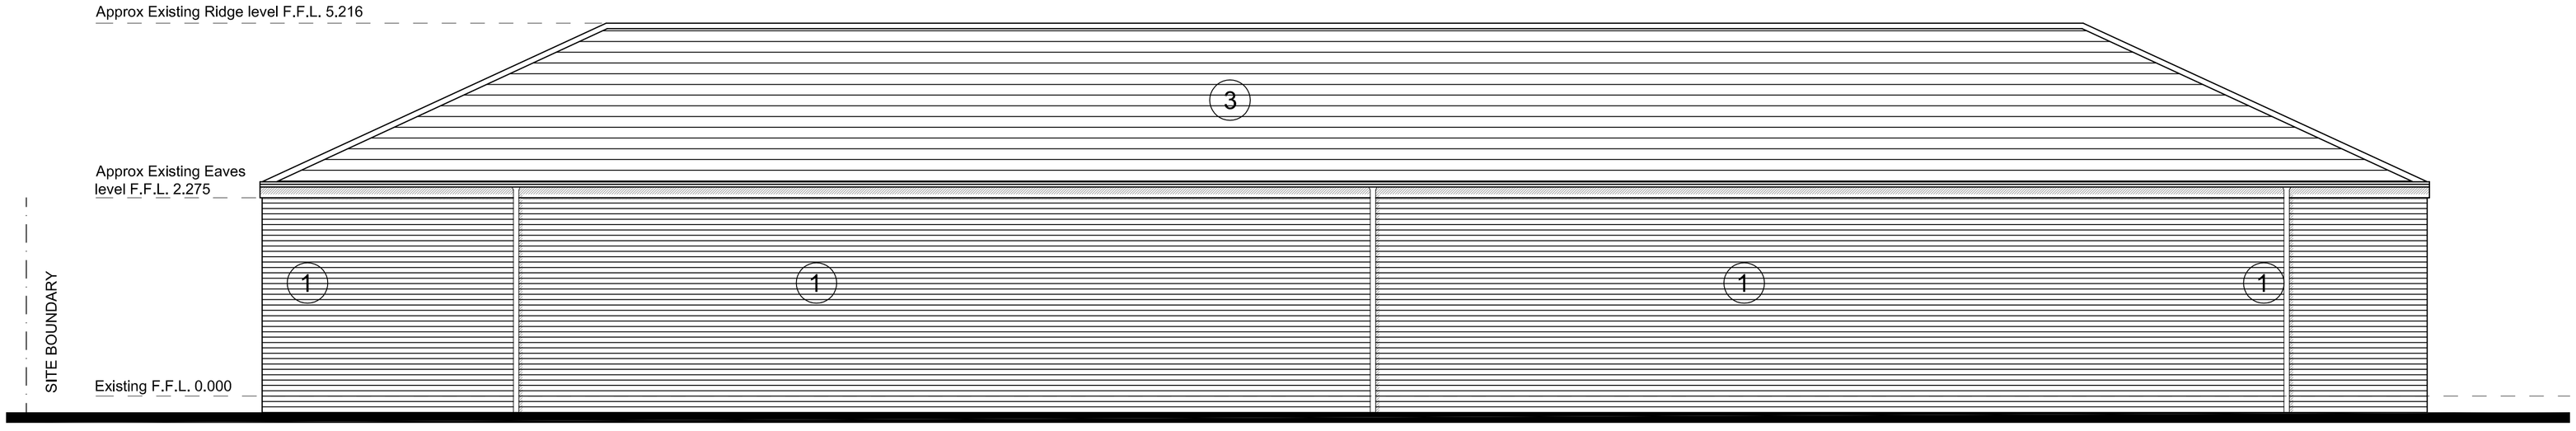
EXISTING SIDE ELEVATION



EXISTING SIDE ELEVATION



EXISTING FRONT ELEVATION



EXISTING REAR ELEVATION

Construction staff and operatives must ensure the principal contractor has provided thorough and accurate information on all health and safety aspects relating to the designs identified on this drawing including the review of:

- Designers/contractors risk assessments
- Method statements
- Permit to work
- Pre construction information

The designers note that the following health and safety risks relating to this drawing have not been eliminated during the design process:

ref	residual risk

1. Existing Facing Brickwork
2. Existing composite doors & windows - Aluminum
3. Existing concrete roof tiles
4. Existing ramp

revision	date	by	chk

All dimensions to be verified on site and the Architect informed of any discrepancy. All drawings and specifications should be read in conjunction with the Health and Safety Plan; all conflicts should be reported to the CDM Co-ordinator.
