

The image displays three architectural elevation drawings of a building, arranged horizontally. Each drawing is labeled on the right side: "Front Elevation", "Side Elevation", and "Rear Elevation".

- Front Elevation:** Shows a building with a gabled roof. The left wall is covered in vertical siding. There are three windows on the left wall, each divided into three horizontal panes. A single window is on the right wall, divided into three horizontal panes. A small rectangular feature, possibly a door or vent, is located on the roofline on the left.
- Side Elevation:** Shows a side view of the building. The left wall is covered in vertical siding. There is a single window on the left wall, divided into three horizontal panes. A small rectangular feature is located on the roofline on the left.
- Rear Elevation:** Shows the rear of the building. The left wall is covered in vertical siding. There are two windows on the left wall, each divided into three horizontal panes. A single window is on the right wall, divided into three horizontal panes. A small rectangular feature is located on the roofline on the left.
