

GRANT OF LISTED BUILDING CONSENT

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) REGULATIONS 1990

APPLICATION NO. 2025/0954

To SDC Projects Ltd
Stoneleigh
11A Wellhouse Lane
Penistone
Barnsley
S36 8ER

Proposal Demolition of existing single storey side extension, and erection of new single storey side and rear extensions to dwelling (Listed Building Consent)

At The Swallows Nest, Underbank Lane, Stocksbridge, Sheffield, S36 2BL

Consent is granted for the proposals which were the subject of the Application and Plans registered by the Council on 11/11/2025 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans (Nos. CH/01; CH/02; CH/03; CH/04A; CH/05; CH/06A; CH/07A; CH08; Block Plan; Location Plan; Existing and Proposed Front Elevations) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 3 Samples of all external materials shall be submitted and approved in writing upon the commencement of works.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 4 The walls of the development shall utilise natural stone that matches the existing closely in terms of its type, colour, face dressing and coursing style.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 5 A 1x1m sample panel shall be constructed showing the stone, coursing style and pointing appearance of the walls. This sample shall be agreed in writing on commencement of the works and retained on site until completion of the development.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 6 The external walls enclosed within the extensions shall remain free of plaster or other decorative finishes and shall be pointed to match the finished external elevations.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 7 Pointing shall be in lime – Mix: 1 part NHL 3.5 to 3 parts well graded aggregate. The joints shall be finished by brushing back to a slightly concave joint of circa 2-3mm.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 8 Roof coverings shall be a good quality artificial slate laid in diminishing courses that emulates natural stone roofing slate.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 9 Rainwater goods and downpipes shall be either metal (with extruded aluminium gutters) or timber (box gutters) in black with matching stop ends, shoes and brackets. Gutters shall be mounted on either spiked or rise and fall metal brackets.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 10 Windows and doors shall be timber and shall be mounted in the reveal a minimum of 100mm
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.
- 11 Rooflights shall be genuine conservation rooflights, vertically emphasised, low in profile, with a single vertical divider in black.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making and HE3 Developments affecting Historic Buildings.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6848, or if a hazard is encountered on site call the emergency line on 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at:
www.gov.uk/government/organisations/mining-remediation-authority

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 23 December 2025

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.

STATUTORY BIODIVERSITY NET GAIN CONDITION

DEEMED CONDITION

(As required Schedule 7a of the Town and Country Planning Act 1990 (as amended) and inserted by the Environment Act 2021)

Development may not be begun unless:

1. A Biodiversity Gain Plan has been submitted to the planning authority; and
2. The Local Planning Authority has approved the plan.

The Biodiversity Gain Plan must include:

- a) information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- b) the pre-development biodiversity value of the onsite habitat;
- c) the post-development biodiversity value of the onsite habitat;
- d) any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;
- e) any biodiversity credits purchased for the development; and
- f) any such other matters as the Secretary of State may by regulations specify.

In addition, under Articles 37C(2) and 37C(4) of The Town and Country Planning (Development Management Procedure) (England) Order 2015, the following specified matters are required, where development is not to proceed in phases:

- g) name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- h) a description of the development and planning permission reference number (to which the plan relates);
- i) the [relevant date](#), for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- j) [the completed biodiversity metric calculation tool\(s\)](#), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the [relevant date](#), and post-development biodiversity value;
- k) a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- l) (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- m) pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the [relevant date](#), and drawn to an identified scale and showing the direction of North;
- n) a description of any [irreplaceable habitat](#) on the land to which the plan relates which exist on the [relevant date](#), and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- o) if [habitat degradation](#) has taken place:
 - i. a statement to this effect,
 - ii. the date immediately before the degradation activity,
 - iii. the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
 - iv. any available supporting evidence for the value.

INFORMATIVE 1

When calculating the post-development biodiversity value of a habitat, the Local Planning Authority can only take into account an increase in biodiversity value post-development where it is satisfied that the habitat creation or enhancements delivering the increase will be maintained for at least 30 years after the development is completed. This must be secured either by a planning condition, planning obligation, or conservation covenant

INFORMATIVE 2

The General Biodiversity Gain Condition has a separate legal basis in contrast to other planning conditions and will apply to all planning permissions, unless exempt. The General Biodiversity Gain Condition will therefore not appear on the decision notice along with the list of planning conditions imposed on the application, rather it will be referenced separately.

The General Biodiversity Gain Condition cannot be varied or removed by an application under section 73 of the Town and Country Planning Act. It also cannot be discharged as part of the grant of planning permission.

INFORMATIVE 3

A Biodiversity Net Gain Template can be found here:

<https://www.gov.uk/government/publications/biodiversity-gain-plan>

INFORMATIVE 4

The statutory deemed condition above is relevant to all major applications submitted since 12th February 2024 and to all non-major applications submitted after 2nd April 2024, unless exempt.

The onus is on the applicant/agent to notify the Local Planning Authority at developmentmanagement@barnsley.gov.uk if the application was exempt and provide the reasons for the exemption. Exemptions can be found at this link <https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>
