We wish to drop the height of 4 kerb stones to enable us to park in front of our house to avoid parking on the street. We have now widened the width of the access to our frontage to 4m 30cm enabling us to manoeuvre on and off the area with minimum disruption to the flow of traffic. Both neighbouring properties either side of us have had their kerbs dropped. Our next door neighbour has an entrance of only 3m but has had 7 kerb stones dropped.
If planning permission is not received to drop the pavements we will either have to a) park on the road or b) still park at the front of the house, accessing over the raised kerb. Neither would be safe.
