3. Description of the Proposal

Please describe the proposed development including any change of use:

The works proposed are to take down and replace the existing 4 sided pyramid shaped atria, removing the barrel vaulted top section. Proposals include for retaining the internal steelwork frame to the pyramid structure and utilising standing seam grey cladding in lieu of the current large expanses of glazing. The new design will incorporate insulated panels to reduce heat loss from the Centre and reduce energy consumption in the mall. Proposals also include for sections of new glazing to be installed vertically at low level above the existing brickwork wall and horizontally to the new flat roof of the atria. The new horizontal roof light will incorporate glazed smoke vents to maintain mall fire safety.

Has the building, work or change of use already started? Yes No
