

GRANT OF OUTLINE PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2020/0520

To Urbana Town Planning
Steel City House
Sheffield
S1 2GQ

DESCRIPTION Outline planning application (including access and layout) for clearance of site and re-development for 3 dwellings

LOCATION 43 Barnsley Road, Brierley, Barnsley, S72 9JT

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 29/06/2020 and described above.

THIS DECISION IS SUBJECT TO THE TERMS OF THE AGREEMENT MADE UNDER SECTION 106 OF THE TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED).

The approval is subject on compliance with the following conditions:

- 1 Application for approval of the matters reserved in Condition No. 2 shall be made to the Local Planning Authority before the expiration of three years from the date of this permission, and the development, hereby permitted, shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved.

Reason: In order to comply with the provision of Section 92 of the Town and Country Planning Act 1990.

- 2 The development hereby permitted shall not be commenced unless and until approval of the following reserved matters has been obtained in writing from the Local Planning Authority:-

- (a) scale of building(s)
- (b) the design and external appearance of the proposed development.
- (c) landscaping

Reason: In order to allow the Local Planning Authority to assess the details of the reserved matters with regard to the development plan and other material considerations.

- 3 The development access and layout hereby approved shall be carried out strictly in accordance with the amended plans (Nos. 2702-002a Site Plan and Tree Protection Plan 1016-03) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 4 Detailed plans shall accompany the reserved matters submission indicating existing ground levels, finished floor levels of all dwellings and associated structures, road levels and any proposed alterations to ground levels. Thereafter the development shall proceed in accordance with the approved details.
Reason: To enable the impact arising from need for any changes in level to be assessed in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 5 No development shall take place unless and until full foul and surface water drainage details have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.
Reason: To ensure the proper drainage of the area in accordance with Local Plan Policies CC3 and CC4.
- 6 Prior to any construction being undertaken the applicant shall submit to the LPA, for approval, a dust and noise management plan which details how dust and noise will be controlled during the construction stage of the site. Once approved the applicant shall strictly adhere to the dust and noise management plan.
Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.
- 7 Before the development is brought into use, that part of the site to be used by vehicles shall be surfaced in a bound permeable material and adequate measures shall be so designed into the proposed access to avoid the discharge of surface water from the site on to the highway.
Reason: To ensure adequate provision for the disposal of surface water and to prevent mud/debris from being deposited on the public highway and to prevent the migration of loose material on to the public highway to the detriment of road safety in accordance with Local Plan Policy T4.
- 8 Prior to first occupation of the development hereby permitted, details for the provision of electric vehicle charging points (Mode 3) shall be submitted to and approved in writing by the LPA. These EVCP's shall be installed in accordance with the approved details prior to first occupation of the development and retained thereafter available for that specific use.
Reason: In interests of promoting sustainable travel opportunities in accordance with Policy T3.

- 9 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.
- 10 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings, which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: To safeguard residential amenity in accordance with Local Plan Policy D1.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 3 Access arrangements including shared private drives should conform to Approved Document B Volume 1 Part B5 Sect. 13. They should be constructed to withstand a minimum carrying capacity of 26 Tonnes without deflection.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed

Dated 07/05/2021

Joe Jenkinson
Head of Planning and Building Control

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
