Description of the Proposal

Please indicate all those matters for which approval is sought as part of this outline application (tick all that apply)

- ☐ Access
- ☒ Appearance
- ☐ Landscaping
- ☒ Layout
- ☒ Scale

Note: if this application is approved, the matters not determined as part of this application will need to be the subject of an "Application for approval of reserved matters" before the development may proceed.

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

☒ Yes

☐ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

☐ Yes

☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

b) Designated sites, important habitats or other biodiversity features

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

c) Features of geological conservation importance

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
- ☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☒ Yes
- ☐ No

Please note: This question is based on the current housing categories and types specified by government.

If your application was started before 23 May 2020, the categories and types shown in this question will now have changed. We recommend that you review any information provided to ensure it is correct before the application is submitted.

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
- ☐ No

Details of the pre-application advice received

Highways:

I can confirm that I have no objections to the principle of the development. Parking should be in line with the standards specified within Barnsley Parking SPD and individual spaces are required to measure a minimum of 5m x 2.5m. I note that one of the units proposes a garage and would advise that the internal floor dimensions of a garage must be 6m x 6m in order to be formally recognised as a parking space.

SYMAS:

Please be advised that the proposed building footprints are not located in a coal mining referral area and therefore a coal mining risk assessment will not be required.

A coal outcrop is conjectured to the north of the site- this would be dealt with at the BC stage (if planning granted)

I have no objections to the proposal.

Coal Authority:

Risk Area (DHRA) is to recommend that the applicant obtains coal mining information for the application site and submits a Coal Mining Risk Assessment to support their planning application.

In this particular case, a coal seam is conjectured to outcrop at or close to the surface in the north western corner of the application site, dipping in a north westerly direction away from the site. This coal seam may have been worked in the past.

However, we note that the built development shown on the 'Proposed Site Plan' (AA2L Ltd Drawing No. P/02), would be sited on the barren side of the outcrop and would fall entirely outside the defined DHRA. Only a small portion of the off-street parking area to the front of Plot 1 would be within the DHRA and this element of the scheme is unlikely to require significant groundworks.

In light of the foregoing, the Coal Authority does not consider that a Coal Mining Risk Assessment is required to support a planning application for development at the site in the manner proposed in the submitted documents.

Parks Services:

No issues regarding this application.

Tree Officers:

There are trees and hedges located both on and just outside the site and as such a full tree survey will be required with any application and the information in it will need to be used to inform the layout so as to avoid impacts on trees. If any trees are implicated then an arboricultural impact assessment will be required to deal with this. Some element of protection will certainly be required and as such an arboricultural method statement will be needed to detail not only the direct protection of trees and hedges but also any specialist construction techniques etc. which may be required.

Air Quality Officer:

Following the adoption of the Sustainable Travel Supplementary Planning Document, I recommend installation of electric vehicle charge points in accordance with the requirements of this document, the details of which are in the table below.

Residential 1 charging point per unit (dwelling with dedicated parking), or 1 charging point per 10 spaces (unallocated parking)

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

☒ Yes

☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

☐ Yes

☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
