To whom it may concern,

20th October 2020

Hoyland Common - Planning condition no. 34

Regarding condition 34, proposals detailing the s278 works areas affecting existing mains apparatus have been issued to Yorkshire Water for a formal review of the required protection and/or diversion works under Yorkshire Water scheme reference T587572.

No works are to be undertaken in the vicinity of the existing live water apparatus prior to completion of the identified diversion/protection works or without prior consent of Yorkshire Water.

If you require any further information, please feel free to contact me on the above details.

Daniel Borg
Head of Projects
