**Proposed Stabling**

14/10/08

**Question(1)** - Are the horses owned by the occupants of the Granary, or the stables hired out to people outside the Hamlet?

**Answer(1)** – The horses are to be owned by ourselves.

**Question(2)** – Where are the horses currently stabled and why are they to be re-stabled?

**Answer(2)** – These ponies are for my two granddaughters, if we receive planning permission we will be buying our own, as they have access at the moment to friend's ponies.

**Question(3)** – What is the paddock currently used for?

**Answer(3)** – There is nothing on it or planted in it.

**Question(4)** – The paddock is enclosed by rail and fence all the way around except as you say a length of about 30ft, this is at the rear of the dwelling?

**Answer(4)** – The fence will continue all the way around the perimeter, not to have a space where there is no fence missing, totally enclosed area.
