unless required by any other conditions in this permission.

Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 3 Upon commencement of development a plan indicating the position and design of boundary treatment(s), including acoustic fencing along the northern boundary of the proposed external seating area for the public house, shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property in accordance with Local Plan Policies GD1 General Development Policy and D1 High Quality Design and Place Making.
- 4 Upon commencement of development of the dwellings hereby approved, details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 5 Upon commencement of development of the dwellings hereby approved, details of measures to facilitate the provision of high speed full fibre broadband for the dwellings/development hereby permitted, including a timescale for implementation, shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In order to ensure compliance with Local Plan Policy I1.
- 6 The dwellings hereby approved shall all be fitted with Rolec EVWP2026 Wallpod: EV, 32A chargers or a similar EVCP capable of charging at 7.2Kw agreed in writing by the Local Planning Authority. The Charging units shall be installed and operational prior to occupation.
Reason: In accordance with Local Plan Policies Pol1 and T3.
- 7 Prior to commencement of development of the dwellings hereby approved, full details of the mitigation measures identified in the Ecological Impact Assessment (Enzygo, ref:CRM.1298.003.EC.R.001 dated:24/9/20) including integral bat and bird boxes, and a timetable for their implementation, shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details.
Reason: To conserve and enhance biodiversity in accordance with Local Plan BIO1.

- 8 No development of the dwellings hereby approved, shall take place unless and until full foul and surface water drainage details have been submitted to and approved in writing by the Local Planning Authority. The submitted detail shall include:

(a) Porosity tests carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways

and

(b) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways.

Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development.

Reason: To ensure the proper drainage of the area in accordance with Local Plan Policy CC3.

- 9 The development shall be completed in accordance with the Noise Impact Assessment by Nova Acoustics ref 5561JC dated 23/02/2021 with appropriate mitigation installed in the specified dwellings.

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance Local Planning Policy Pol1.

- 10 During the construction phase, except in case of emergency, operations should not take place on site other than between the hours of 08:00 - 18:00 Monday to Friday and between 09:00 - 13:00 on Saturdays. There should be no working on Sundays or Public Holidays. At times when operations are not permitted work shall be limited to maintenance and servicing of plant or other work of an essential or emergency nature. The Local Planning Authority should be notified at the earliest opportunity of the occurrence of any such emergency and a schedule of essential work shall be provided.

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance Local Planning Policy Pol1.

- 11 Heavy goods vehicles should only enter or leave the site between the hours of 08:00 - 18:00 on weekdays and 09:00 - 13:00 Saturdays and no such movements should take place on or off the site on Sundays or Public Holidays (this excludes the movement of private vehicles for personal transport).

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance Local Planning Policy Pol1.

- 12 During the construction phase, best practicable means shall be employed to minimise dust. Such measures may include water bowsers, sprayers whether mobile or fixed, or similar equipment. At such times when due to site conditions the prevention of dust nuisance by these means is considered by the Local Planning Authority in consultations with the site operator to be impracticable, then movements of soils and overburden shall be temporarily curtailed until such times as the site/weather conditions improve such as to permit a resumption.

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance Local Planning Policy Pol1.

- 13 During the construction phase, effective steps should be taken by the operator to prevent the deposition of mud, dust and other materials on the adjoining public highway caused by vehicles visiting and leaving the site. Any accidental deposition of dust, slurry, mud or any other material from the site, on the public highway shall be removed immediately by the developer.

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance Local Planning Policy Pol1.

- 14 Upon commencement of development of the dwellings hereby approved, full details of both hard and soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained shall be submitted to and approved in writing by the Local Planning Authority. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy BIO1 Biodiversity.

- 15 No development or other operations being undertaken on site shall take place until the following documents in accordance with British Standard 5837:2012 Trees in relation to design, demolition and construction - Recommendations have been submitted to and approved in writing by the Local Planning Authority:

Tree protective barrier details
Tree protection plan
Arboricultural method statement

Reason: To ensure the continued wellbeing of the trees in the interests of the amenity of the locality.

- 16 No development of the dwellings hereby approved, shall be commenced until full engineering, drainage and street lighting and constructional details of the streets proposed for highway adoption have been submitted to and approved in writing by the LPA. The development shall, thereafter, be constructed in accordance with the approved details unless otherwise agreed in writing with the LPA.

Reason: To ensure that the internal streets are planned and approved in good time to a satisfactory standard for use by the public in the interests of highway safety.

- 17 Prior to the first occupation of the of the dwellings hereby approved a vehicular access shall be provided and thereafter retained at the position shown on the approved plan and constructed in accordance with the BMBC highway specification. Arrangement shall be made for surface water drainage to be intercepted and disposed of separately so that it does not discharge from or onto the highway carriageway.

Reason: To ensure satisfactory access into the site and avoid the carriage of extraneous material or surface water from or onto the highway and in the interests of highway safety.

- 18 Prior to the first occupation of the dwellings hereby approved, a visibility splay shall be provided in full accordance with the details indicated on the approved plan. The splay shall thereafter be maintained at all times free from any obstruction exceeding 1.05m above the level of the adjacent highway carriageway.

Reason: In interests of highway safety.

- 19 Prior to the first occupation of the dwellings hereby approved, the proposed accesses, driveways, on-site car and cycle parking, and turning shall be laid out in accordance with the approved plan. Driveways and vehicle parking areas accessed from the approved streets must be properly consolidated and hard surfaced and drained into the site and subsequently maintained in good working order at all times thereafter for the lifetime of the development.
Reason: To ensure that there are adequate parking facilities to serve the development which are constructed to an acceptable standard.
- 20 The gradient of the vehicular access shall not exceed 1 in 12 for the first 5m (or longer if in connection with a commercial development) into the site as measured from edge of the adjacent carriageway.
Reason: In interests of the safety of persons using the access and users of the highway.
- 21 No development the dwellings hereby approved shall take place, including any works of demolition associated with the Public House, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:
- i. The parking of vehicles of site operatives and visitors
 - ii. Means of access for construction traffic
 - iii. Loading and unloading of plant and materials
 - iv. Storage of plant and materials used in constructing the development
 - v. Measures to prevent mud/debris being deposited on the public highway.
- Reason: In the interests of highway safety.**
- 22 All in curtilage planting, seeding or turfing comprised in the approved details of landscaping shall be carried out on each plot no later than the first planting and seeding season following the occupation of the individual dwellinghouse/s; and any trees or plants which die within a period of 5 years from first being planted, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
Reason: In the interests of the visual amenities of the locality, in accordance with Local Plan policies GD1 'General Development' and D1 'High Quality Design and Place Making'.
- 23 All out of curtilage planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in full in accordance with a timetable to be submitted to and approved in writing by the Local Planning Authority upon commencement of development. Thereafter the landscaping shall be carried out in accordance with the approved details and timescales.
Reason: In the interests of the visual amenities of the locality, in accordance with Local Plan policies GD1 'General Development' and D1 'High Quality Design and Place Making'.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

- 2 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk
- 3 The development hereby approved includes the carrying out of alterations to vehicular access (es). You are advised that before undertaking work on the adopted highway you will require a Section 184 licence from the Highway Authority. The works shall be to the specification and constructed to the satisfaction of the Highway Authority. Fees are payable for the approval of the highway details, and inspection of the works. Further information and an application form are available on the BMBC website at <https://www.barnsley.gov.uk/services/roads-travel-and-parking/parking/dropped-kerbs/> or please contact at email Streetworks@barnsley.gov.uk or call to 01226 773555.
- 4 The development hereby approved includes the carrying out of work on the adopted highway. You are advised that before undertaking this work you must enter into a highway agreement with the Council under S278 of the Highways Act, 1980, specifying the extent of works, the works, and the terms and conditions under which these are carried out. Fees are payable for the drafting of the agreement, approval of the highway details and inspection of the works. For more information or to apply, please contact Highways Development Control at email HighwaysDC@barnsley.gov.uk or call to 01226 773555.

- 5 The development hereby approved includes the construction of new highway. To be considered for adoption and on-going maintenance at public expense, it must be laid out and constructed to the BMBC engineering standard details and to the terms of phasing of the development. You are advised that you must enter into a highway agreement under s38 of the Highways Act 1980. The development will be bound by the Sections 219 to 225 of the Highways Act 1980 (the Advances Payments Code). Fees are payable for the drafting of the agreement, approval of the highway details and inspection of the works. For more information or to apply, please contact Highways Development Control on email HighwaysDC@barnsley.gov.uk or call to 01226 773555 prior to any work commencing on site. Please note that it is necessary to gain all technical and legal approvals for all street road details from the LHA prior to submission of such approved details to the LPA to discharge the relevant condition of this consent.
- 6 Whilst no information is given at this stage about the method of disposal of highway drainage, I am mindful of restrictions on surface water disposal and the emphasis on the use of sustainable solutions. The use of a soakaway system has to be located outside the carriageway and at least 5m from any building which may affect the layout shown. It should be noted that a commuted sum to be used towards the future maintenance costs of each highway drain soakaway, shall be agreed with and paid to the Council, prior to the issue of the Part 2 Certificate.
- 7 Agreement should be sought for all pipes, culverts, water attenuation tanks or similar greater than 900mm that are proposed to be placed beneath the area to be defined as public highway. All drainage installed under the Highway is to be adopted by the sewerage undertaker or, in the case of highway drainage, the Local Highway Authority.
- 8 Street lighting design and installation is undertaken by the Local Highway Authority. There is a fee payable for this service and the applicant should make contact with the authorities Street Lighting Team, Tel 01226 770770. Email. Streetlightingdesign@barnsley.gov.uk as soon as possible.
- 9 Fees associated with the required condition survey together with any necessary remedial works and any relevant s278 agreement are to be borne by the developer. The applicant should make contact with Highways Development Control, Tel. 01226 772033/772170. Email. HighwaysDC@barnsley.gov.uk for further information prior to commencement.
- 10 You are advised that as a result of the proposed layout and construction of the shared private drive within the development, it will not be accepted for adoption by the LHA under S38 of the Highways Act 1980. The development will be bound by Sections 219 to 225 of the Highways Act 1980 (the Advanced Payments Code) unless you agree to exempt the access road. The exemption from adoption will be held as a Land Charge against all properties within the application boundary Contact the Highways Development Control at email HighwaysDC@barnsley.gov.uk or call to 01226 773555.
- 11 Access arrangements including shared private drives should conform to Approved Document B Volume 1 Part B5 Sect. 13. They should be constructed to withstand a minimum carrying capacity of 26 Tonnes without deflection.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and*
- up to six months imprisonment on conviction.*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
