3. Description of the Proposal

Please describe the proposed works:

Addition of an external waste pipe to the rear of the property to allow en-suite to the top-floor bedroom. Top floor bedroom accessible by original stair case, steps all uneven and space is slender. Beams are low in height and could cause issues during the dark. Request for an en-suite within the room because of these hazards and formally make the bedroom the master suite.

Current waste pipe is located in the adjacent neighbours property, and runs through the next door property to the sewer system underground. There is no possibility of updating this or adding the en-suite into this.

Waste pipe to run down the back wall and enter a dedicated sewer system for 130 Genn Lane, that was installed as part of previous work (application 03/0707 in 2003).

Pipe work will only be located on 130 Genn Lane property, and only visible to 130 and 132 Genn Lane properties.

Ensuite to not interfere with current character of the building. Walls to only be built in-between beams and not cover any original features.

Has the work already started? ☐ Yes ☒ No
