

Planning Statement

We on behalf of Keir Lock Children's Homes are wanting to obtain planning permission for 29 Spark Lane, Mapplewell, to allow us to run a three bedded remedial children's home for young people aged up to 18years, with emotional and behavioural difficulties. To give them a safe and secure environment.

Three young people will live at the above address looked after by a team of eight full time staff, working on a rota basis. Two staff will be in the home 24 hours a day 365 days a year. Additional to this there will be a Manager in the home working 40 hrs per week, normally working office hours 9-5 Monday to Friday.

The home will be run as any family home. The young people will have their own bedrooms, given the previous use of the property they will also have their own en-suite bathroom. Two staff will sleep at the property each night.

The home will be registered by the regulatory body Ofsted.
