

GRANT OF OUTLINE PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2017/0349

To White Agus Partnership
8 Morston Business Park
Whaley Road
Barnsley
S75 1HQ

DESCRIPTION Erection of 1 no bungalow (outline).

LOCATION 21 Green Acres, Hoyland Barnsley, S74 0HL

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 27 March 2017 and described above.

The approval is subject on compliance with the following conditions:

- | | | |
|---|-----------------------------------|---|
| 1 | A2i Reserved Matters
Timescale | Application for approval of the matters reserved in Condition No. 2 shall be made to the Local Planning Authority before the expiration of three years from the date of this permission, and the development, hereby permitted, shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved. |
|---|-----------------------------------|---|

Reason: In order to comply with the provision of Section 92 of the Town and Country Planning Act 1990.

- | | | |
|---|-----------------------|--|
| 2 | A2ii Reserved Matters | <p>The development hereby permitted shall not be commenced unless and until approval of the following reserved matters has been obtained in writing from the Local Planning Authority:-</p> <ul style="list-style-type: none">(a) the layout of the proposed development.(b) scale of building(s)(c) the design and external appearance of the proposed development.(d) landscaping |
|---|-----------------------|--|

Reason: In order to allow the Local Planning Authority to assess the details of the reserved matters with regard to the development plan and other material considerations.

- | | | |
|---|--|--|
| 3 | B12 Development in Accordance with Amended Plans | <p>The submission of the layout of the development at Reserved Matters stage should accord with the general parameters of the amended plan No. 16-187-01-A.</p> <p>Reason: In the interests of the visual amenities of the locality accordance with Core Strategy Policy CSP 29, Design.</p> |
| 4 | B15 Levels with Reserved Matters | <p>Detailed plans shall accompany the reserved matters submission indicating existing ground levels, finished floor levels of all dwellings and associated structures, road levels and any proposed alterations to ground levels. Thereafter the development shall proceed in accordance with the approved details.</p> <p>Reason: To enable the impact arising from need for any changes in level to be assessed in accordance with Core Strategy Policy CSP 29, Design.</p> |
| 5 | B2 Sample of external materials | <p>No development shall take place until full details of the proposed external materials have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.</p> <p>Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 29, Design.</p> |
| 6 | C6 Submit details of means of enclosure | <p>No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the position of boundary treatment to be erected. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.</p> <p>Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with Core Strategy Policy CSP 29, Design.</p> |
| 7 | E3 Submit Landscaping Details | <p>No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority, full details of both hard and soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).</p> <p>Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 36, Biodiversity and Geodiversity.</p> |
| 8 | E4 Implement landscaping scheme | <p>All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is</p> |

the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species.

Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 36, Biodiversity and Geodiversity.

- 9 F14 Pedestrian
intervisibility splays

Pedestrian intervisibility splays having the dimensions of 2 m by 2 m shall be safeguarded at the drive entrance/exit such that there is no obstruction to vision at a height exceeding 1m above the nearside channel level of the adjacent highway.

Reason: In the interest of road safety in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.

- 10 F7 Provide parking and
turning areas

The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.

Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.

- 11 H16A All surface water
run-off

All surface water run off shall be collected and disposed of within the site and shall not be allowed to discharge onto the adjacent highway.

Reason: In the interests of highway safety in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

- 12 H5 Submit and implement
surface and foul water
drainage

No development shall take place until:

(a) Full foul and surface water drainage details, including a scheme to reduce surface water run off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority;

(b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways;

(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways;

Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully

implemented. The scheme shall be retained throughout the life of the development.

Reason: To ensure proper drainage of the area in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

- 13 D17 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries to place

Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.

Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and*
- up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk
- 3 The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Your attention is drawn to The Coal Authority Policy in relation to new development and mine entries available at: <https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. Further information is available on website at:
www.gov.uk/government/organisations/the-coal-authority

Dated 03 August 2017

Signed 
Joe Jenkinson

Head of Planning and Building Control

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
