Proposal Erection of 2 no detached dwellings (Outline)
At Land adjacent 68 Wharfedale Road, Gawber, Barnsley, S75 2LJ

Permission is refused for the proposals which were the subject of the Application and Plans registered by the Council on 20 July 2015 and described above.

The reason(s) for the Council's decision to refuse planning permission is/are:

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The design and layout of the proposed development would compromise privacy, and outlook for existing and proposed residents by virtue of the proposed dwellings being sited substantially shorter than the Council's recommended 21m separation distance. In the absence of any mitigating circumstances the proposal is considered to be contrary to Core Strategy policy CSP29, UDP policies H8A and H8D, the Council's SPD: Designing New Housing Development and the NPPF core planning principle relating to high quality design and a good standard of amenity for all existing and future occupants of land and buildings.
- 2 The design and layout of the proposed development fails to adequately reflect local context and character in that the two dwellings whilst detached would be significantly smaller than the adjacent dwellings and would not be set within an extensive curtilage with long/large rear gardens. Furthermore, the proposed garage would be set forward of the building line in a

prominent position adversely affecting the amenity of the locality. Consequently, the proposed development is contrary to Core Strategy policy CSP29, UDP policies H8A, H8D and H8F, the Council's SPD: Designing New Housing Development and the policy planning statements in the NPPF relating to requiring good design in these various respects.

- 3 The occupants of the two dwellings would not be provided with an adequate standard of amenity in respect of private garden space by virtue of the design and layout of the proposed development contrary to Core Strategy policy CSP29, UDP policy H8A, the Council's SPD: Designing New Housing Development and the planning policy statements in the NPPF relating to requiring good design.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to refuse permission for the proposed development then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
