EXCEPTIONAL CATTERIES*

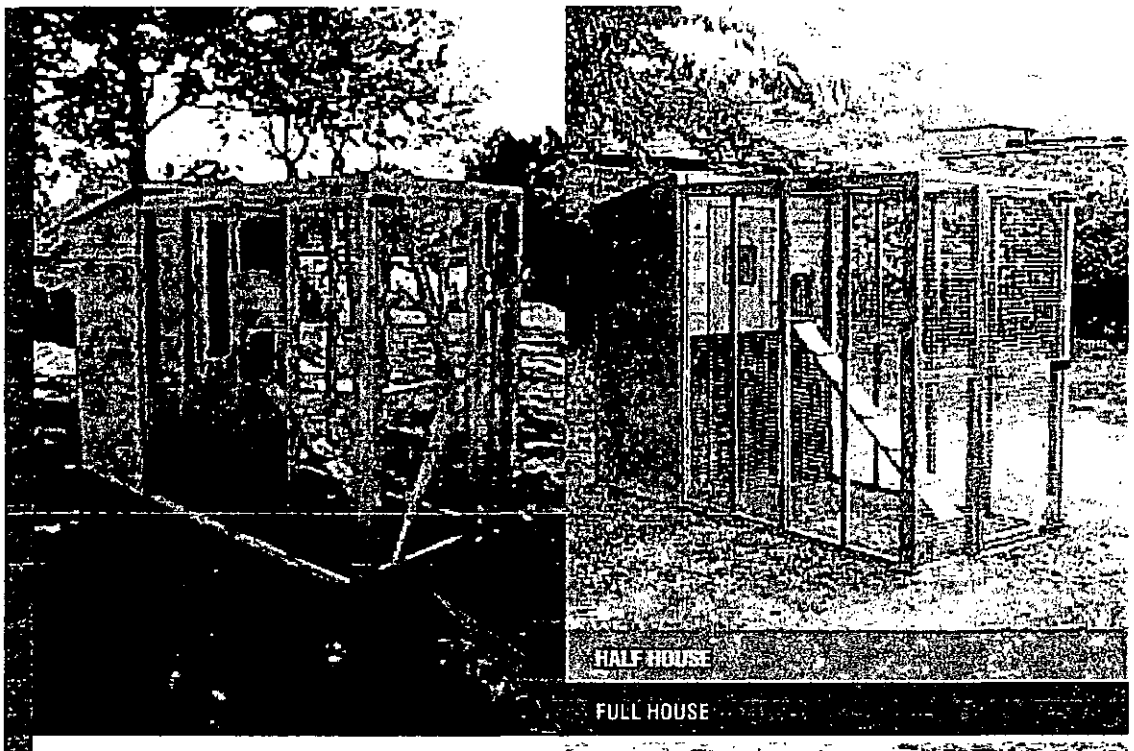

*** TO BE SPECIFIC WE MANUFACTURE TIMBER SECTIONAL CATTERY RUNS**

Pads-N-Paws are a well established Nottingham based Cattery Run Manufacturer. Our cat runs are available for domestic use or for breeders as stand-alone units. For the cattery business owner we can manufacture complete blocks of cattery runs and work space and reception areas as required.

Either single units or complete blocks and come in a variety of styles. All of our Cat Runs are delivered as flat packed for self assembly, we are also able to offer a full installation service nationwide.

Our aim is to offer the best quality cattery runs, but at an affordable price. We aim to be at least 25% cheaper than our competitors for the same, if not better quality buildings, how do we do this? We do this by hard work! All our Cattery Chalets are made in our own factory, by skilled carpenters, and by doing this we keep our overheads lower and pass the savings on to you, the customer.
