

Good morning,

The funding for this development is from Homes England. For their final sign off I have to provide evidence that all the conditions in the grant of planning have been signed off by the council. As I have now informed you that the informative conditions have been complied with and the site is complete, could you please confirm by return mail that all conditions have been met for this grant of planning. The planning number I have is 2017/1588 (Dated 02, Jan 2018) not the number you have put in the subject line?

Thank you for your help, please call me if there is any clarity needed,

Best regards,
