Conclusion:

When considering all aspects of the proposed single-storey front extension and two-storey side extension, on balance, the proposals are likely to be considered acceptable by the LPA.

As the proposed single storey rear extension would fall within the remits of permitted development, this can be either included or removed from the submission of a planning application. .

I would also confirm that based upon the information submitted the works will require approval under Building Regulations.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
