Steve,

Apologies for the delay in sending these but we have had some pretty serious issues with our computer and email system, hence sending this via post.

As we discussed last week we have made amendments to the drawings to soften the entire site and create less of a hard landscaped feel to the project. We have removed the garage to the front of the buildings, increased their distance from the terrace on Littleworth Lane and introduced a soft, low level landscaped area to the front of both dwellings.

I trust this is in line with our discussion and that this scheme is more favourable and can proceed towards an approval.

If you could take a look at the drawing and get back to me with any comments or queries it would be much appreciated.

Kind Regards,

A large, stylized handwritten signature in black ink, appearing to read 'Dan Hockey'.
