

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2023/0352

To Townsend Planning Consultants
PO Box 788
Wakefield
WF1 9UX

DESCRIPTION Erection of 1no. dwelling following demolition of stables and agricultural buildings

LOCATION Land off Old Anna Lane, Work Bank Lane, Thurlstone, Sheffield, S36 9RR

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 21/04/2023 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the plans (Nos 01 Rev B, 03A Rev C, 04 Rev A, Bat Survey Report - Document ref: MBE/BAT/2022/56/0) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: To safeguard the openness and visual amenities of the Green Belt in accordance with Local Plan Policy GB1 Protection of Green Belt.

- 4 No development shall take place unless and until full foul and surface water drainage details have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.
Reason: To ensure the proper drainage of the area in accordance with policy POLL1 of the Local Plan.
- 5 Upon commencement of development a plan indicating the position of boundary treatment to be erected shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property in accordance with Local Plan Policies GD1 General Development Policy and D1 High Quality Design and Place Making.
- 6 All in curtilage planting, seeding or turfing comprised in the approved details of landscaping shall be carried out on each plot no later than the first planting and seeding season following the occupation of the individual dwellinghouse/s; and any trees or plants which die within a period of 5 years from first being planted, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
Reason: In the interests of the visual amenities of the locality, in accordance with Local Plan policies GD1 'General Development' and D1 'High Quality Design and Place Making'.
- 7 Sight lines, having the dimensions 2.4m x 43m, shall be safeguarded at the access junction with Old Anna Lane, such that there is no obstruction to visibility at a height exceeding 1m above the nearside channel level of the adjacent highway.
Reason: In the interest of road safety in accordance with Local Plan Policy T4.
- 8 Before the development is brought into use, that part of the site to be used by vehicles shall be surfaced in a bound permeable material and adequate measures shall be so designed into the proposed access to avoid the discharge of surface water from the site on to the highway.
Reason: To ensure adequate provision for the disposal of surface water and to prevent mud/debris from being deposited on the public highway and to prevent the migration of loose material on to the public highway to the detriment of road safety.
- 9 Upon commencement of the development the existing buildings shown to be removed on Location Plan 04 Rev A, shall be permanently removed from the site and the land restored to agricultural land.
Reason: To protect the amenity of future occupiers in accordance with Local Plan Policy GD1.
- 10 During construction or demolition works, activity shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance with Local Plan Policy POLL1.

11 The development shall be completed in strict accordance with the recommendations/enhancements in Section 6.3 and 6.4 of the Bat Survey Report - Document ref: MBE/BAT/2022/56/01, specifically the provision of two swallow nesting cups and an integrated bat roosting box within the new dwelling. All the recommendations/enhancements shall be implemented in full according to the timescales laid out in the recommendations and thereafter permanently maintained.

Reason: In the interests of Biodiversity in accordance with Policy BIO1 of the Local Plan.

12 The development shall be carried out in accordance with the following additional biodiversity mitigation and enhancement measures. The measures listed below shall be implemented in full, prior to first occupation of the site, and full details including photographic evidence provided to the Local Planning Authority, the features shall thereafter be permanently retained.

- At least one integrated swift box and invertebrate brick to be installed in suitable locations within the new dwelling; and
- Hedgehog highways to be installed in any boundary fencing, The hedgehog highways will be signposted to prevent residents blocking the gaps.

Reason: In the interests of Biodiversity in accordance with Policy BIO1 of the Local Plan.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 3 The granting of planning permission does not affect the status of species such as owls and bats, which have protection under other legislation. These may be present and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk
- 4 If a bat or evidence of the presence of bats is discovered on site prior to or during development all work should stop immediately. A licensed bat consultant or Natural England must be contacted and works implemented only in accordance with methods advised by them. This advice note should be provided to any persons/contractors carrying out the development along with the contact details of a relevant ecological consultant. This action is necessary to avoid possible prosecution and ensure compliance with the Wildlife & Countryside Act 1981 (as amended), The Conservation of Habitats and Species Regulations 2017.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed

Dated: 11 August 2023

Development Management

For and on behalf of Group Leaders,
Andrew Burton and Matthew Smith

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
