Consultation Informative(s):

It is recommended that measures are taken to prevent a nuisance/ or effect the quality of life of local residents. Please note that the Council's Pollution Control Team have a legal duty to investigate any complaints about noise, smoke or dust. No waste should be burnt. If a statutory nuisance is found to exist, they must serve an Abatement Notice under the Environmental Protection Act 1990. Failure to comply with the requirements of an Abatement Notice may result in a fine of up to £20,000 upon conviction in Magistrates' Court. It is therefore recommended that you give serious consideration to the steps that may be required to prevent a noise, dust or smoke nuisance from being created.
