Subject: Planning Application 2016/0623 - Park Grove

PLEASE DO NOT LET DEVELOPER'S SPOIL OUR COMMUNITY

Park Grove is a picturesque Grove with beautiful, large, family homes. They are sought after by couples wishing to raise their families in one of the 'nicer' parts of town. The attraction being that we have a beautiful park at the top of the street and the town centre a stones throw away. There is a good choice of primary and secondary schools, day nurseries and beautiful thriving churches are in close proximity. We have a strong sense of community spirit and community pride. We know our neighbours and help and support each other, we watch each other's houses while on holiday and keep an eye on our elderly residents and I feel that this is to be treasured as this is less common in modern society.

The threat of developers turning some of these period properties into flats is beyond our comprehension as we feel that the singletons and transients that these would attract would have an adverse effect on our area and would not be a good blend with the existing community. We implore that you recognise this objection and will support us with this.

Yours sincerely

Mr & Mrs Phelan
133 Park grove, Barnsley, S70 1QG
