Design And Access Statement

Planning Application for moving forward fencing

at Glass Recycling UK Limited

Proposal.

The proposal involves the moving forward of an existing palasade fence.

Method.

The moving forward of the fence is required to alleviate the problem of 'Travellers' parking on the land at the front of the fence and also to protect the planted area.

Summary.

In review the proposal will provide protection to the planting and remove the problems of rubbish etc being left on the land, when 'Travellers' are moved on.
