Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- *a fine of up to £50,000 and*
- *up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

1 SSAFO
Any new or substantially altered agricultural facility must comply with the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil (SSAFO)) Regulations 2010 and as amended 2013.

If you'd like more information on the SSAFO Regulations and a notification form, please visit https://www.gov.uk/guidance/storing-silage-slurry-and-agricultural-fuel-oil

2 Pollution prevention

All farms should be constructed and operated in accordance with the advice contained in DEFRA's 'Protecting our Water, Soil and Air - a code of good agricultural practice for farmers, growers and land managers'.

Specifically, flooring should be impermeable and any internal drainage should all be directed to a sealed drainage system. Adequate maintenance and emptying of this system will need to be undertaken to prevent polluting discharges off-site.

Down pipes from the roof area should be sealed at the base to ensure there is no potential of infiltration from any contaminated water. Appropriate methods should be employed to ensure all clean water is kept separate to the contaminated drainage.

Informative: An environmental permit has been issued for this site and was effective from 20/09/2007 Reference Number AP3231MS.

Permit: Our National permitting team should be contacted on 03708 506 506 to discuss a potential variation to the existing permit.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
