(Please refer to reverse for comditions)

Joanne Mosley,
Willow Farm,
Ingbirchworth.
Sheffield.
S36 7GG.

Tel. 07776 147095.

14th July 2008.

The supply, delivery to site in KIT FORM only, of a Farmplus treated timber Mono pitch building measuring 11.400m long (3 No. 3.750m bays) by 5.100m wide by 3.200m nominal to the low eaves and 3.950m nominal to the high eaves.

SPECIFICATION.

150mm x 150mm main stanchions.
250mm x 75mm high side rafter bearer.
200mm x 75mm low side rafter bearer.
250mm x 50mm rafters.
150mm x 50mm cladding rails.

ROOF.

The roof is clad from ridge to eaves in profile 6R Farmscape Fibre Cement sheeting with the weather side finished in an 'Anthracite' colour.
1 No. GRP. roof light per bay. (3 No. total).
Both gables are finished in roll top barge boards to match the roof sheet colour.
To the high side is supplied a 1.000m droopsnout over sail.

GUTTERING.

To the low eaves is supplied 150mm black P.V.C guttering which discharges into 102mm black P.V.C down pipes that terminate at ground level.

CLADDING.

Both gable ends and the 3 bays at the rear are clad in treated timber vertical overlap boarding (150mm boards) from roof line to floor level. On the inside of both gable ends and the three bays at the rear is supplied 1.225m high x 50mm thick treated timber horizontal T & G stock walling c/w intermediate support pillars. Stock walling is flush with the inside of the main building pillars to from a flush surface for when cleaning out.
