Dear Kim,

Discharge of condition 13 (Construction Method Statement and Highway Condition Survey) of application 2020/1032

Symphony Group, Park Spring Road, Grimethorpe, Barnsley, S72 7EZ

Thank you for your application to discharge condition 13 which requires a Construction Method Statement and Highway Condition Survey in relation to the approved development under application 2020/1032. I can confirm that:

- The Highways Engineer has inspected the highway and received sufficient survey detail to discharge part (vi) of the condition, requiring a survey of the condition of the highway to be used by construction traffic prior to the commencement of development.

and

- The Planning Compliance Plan (GMI Rev01.16/04/21) is sufficient to discharge parts i-vi of the condition.

Therefore, I can confirm partial discharge of condition 13 of application 2020/1032.

Please note that the condition cannot be discharged in full until such time as the development is complete and a post construction survey is issued and agreed.

The development must be carried out in accordance with the details agreed.

Yours sincerely
