Hi again. I sent these to the architect but, he clearly didn't do what I told him. I relayed to him what you told me initially.

Hopefully these will clear things up.

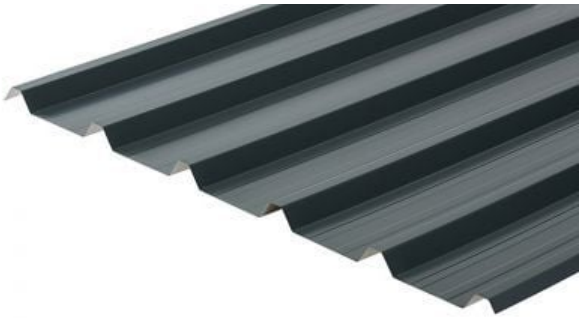

Black sides and rear and then the Pearl C52 to the front.

Hi Rachael, he has literally sent them at 10am this morning. Please have a quick look and see if they suffice. Apologies on the delay.

I would suggest that the determination date is extended until 29th September which should allow your architect sufficient time to amended the plans and email them directly to me. If you are agreeable to this extension, please confirm by return email.
