Total				77	72308

The Contractor is to check and verify all building and site dimensions, levels and sewer invert levels at connection points before work starts. The Contractor is to comply in all respects with current Building Regulations, British Standards (BS) and any other applicable regulations, codes of practice and Management Regulations, Party Wall Act, etc. whether or not specifically stated on this drawing. This drawing must be read in conjunction with the other drawings and specifications and other specialist documentation provided. This drawing is not intended to show details of foundations, ground conditions or ground contaminants. Each area of ground related upon to be investigated by the Contractor. A suitable method of investigation should be provided allowing for existing ground conditions. Any suspect areas of ground, contamination or other features should be investigated by the Contractor. Where existing trees are to be retained they should be subject to a full Arboricultural Inspection for safety. All trees are to be planted so as to ensure they are a minimum of 5 metres from any building or structure. A suitable method of foundation is to be provided to accommodate the proposed tree planting. The Contractor is to be responsible for any and all costs incurred in connection with any investigation for which it is supplied without the express written authority of Geoff Perry Associates Limited.
