In order to aid establishment a suitable mulch shall be applied (e.g. semi-composted woodchip to a minimum depth of 75mm) around the tree to a radius of 1m. The tree shall be watered immediately after planting then whenever required to ensure successful establishment. Within two weeks of planting the Local Authority Tree officer shall be informed and invited to inspect the new tree. The new tree shall be subjected to a Tree Preservation Order in replacement of the felled tree. Any tree which fails to become established within 5 years from planting shall be replaced with another tree of the same original specification.
