Electricity Act 1989: Overhead Lines (Exemption)(England and Wales) Regulations 2009

It is proposed to undertake the following work that is considered to be exempted from the Electricity Act 1989 by falling within the Overhead Lines (Exemption)(England and Wales) Regulations 2009:

Electricity Supply –

1. Converting part of the existing LV overhead network from open wire to ABC (Aerial Bundled Conductor).

This proposed apparatus is required to allow a new connection onto the network, while sufficiently maintaining the supply of electricity to the existing customers at the above location.

None of the existing poles will be moving location and therefore will cause minimum disruption and is considered to be the most acceptable.

Yours faithfully,

Brooke Newbould
