## Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

### Description

Please describe details of the proposed development or works including any change of use

The proposal is to let the property as holiday accommodation.

The maximum number of guests at any one time will be 18 and no pets will be allowed. The property will be let to one group of people at a time. There is sufficient space for 9 cars to be parked at the front of the property. See drawing 0075-A-G100-PLN-001 Site Plan submitted with this application.

Each booking for the property will be a minimum of 2 nights. Guests may stay up to 4 weeks.

The property will be managed and maintained throughout the year by the owner of the property, who is experienced in operating holiday lets.

The owner will organise grounds maintenance throughout the year to maintain the upkeep of the property. Cleaning services will be arranged between each stay. There will be 'hotel-grade' security systems and fire alarms installed for guest safety and neighbourhood security.

The house will not be let to individuals per room as a hotel, instead the whole property will be let to one group of people. A group of people who know each other can let the property and will be collectively responsible in terms of safety, behaviour and use of the house. The house will be used to sleep, prepare meals, socialise and make use of the grounds (garden activities, outdoor dining etc.)

It is anticipated that traffic movement will not differ significantly from typical residential use. Though there could be more vehicles parking on the property, guests will not be coming and going at normal commuter times. Maintenance vehicles will need access to the property, potentially on a weekly basis, though this could be comparable to delivery vehicles during residential use.

The Northern access from Old Sheffield Road is privately used by neighbouring residents. In order to facilitate the use of the house as a holiday let and limit disturbance to neighbours, the Southern private access from Kingwell Road will be used by guests and maintenance vehicles. Electronic security gates will be installed at this access towards the bottom of the road. See drawing 0075-A-G100-PLN-001 Site Plan. The security gates at this entrance will also restrict fly tipping which has become an issue along this private access road.

The submitted plans illustrate how the property will be accessed. There is sufficient space on the property's existing driveway to accommodate the anticipated maximum number of vehicles while used as a holiday let. It is not anticipated that the proposed change of use would impact local car parking capacity.

Waste collection will be arranged through the BMBC commercial waste collection service. The submitted plans indicate the location of bin storage.

Barnsley Economic Renewal Action Plan, 2021 p.2&17) aims to increase visitor numbers after an impactful pandemic and Darley as a holiday let will facilitate this. The change of use means a business start up, brings investment and employment into the area and therefore supports Barnsley Inclusive Economic Growth Strategy 2025-2030.

Has the work or change of use already started?

- Yes  
 No

## Existing Use

Please describe the current use of the site

The site is a residential dwelling in the process of renovation, completion date of the renovation 1 March 2025.

Is the site currently vacant?

- Yes

Yes

No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

Yes

No

**If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.**

## Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

## Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

c) Features of geological conservation importance

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes  
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

**Reason biodiversity net gain does not apply:**

Development of a biodiversity gain site

**Please justify the reason why biodiversity net gain does not apply:**

The landscape planting incorporates meadow grass to enhance wild life diversification to include insects rare flowers mammals such as hedgehogs

Note: Please read the help text for further information why developments may be exempt or not in scope.

## Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer

## Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- Yes
- No

If Yes, please provide details:

Bins will be by the main gate on the Upper Sheffield Road entrance on bin days

Have arrangements been made for the separate storage and collection of recyclable waste?

- Yes
- No

If Yes, please provide details:

Barnsley MBC provide garden waste bins which will be utilised.

## Trade Effluent

2021/1409 Decision Notice

Date (must be pre-application submission)

05/11/2021

Details of the pre-application advice received

The Decision Notice is found on Barnsley Planning Explorer

Temporary Change of Use has already been granted for this property.

The decision is more than two years ago and the decision stipulates a trial period of two years for the operation of the holiday let to be monitored to ensure that the change of use conditions have not been breached.

Unfortunately (for many reasons) the house was not ready to be let and is only now ready to be formerly let.

Technically therefore the change of use has lapsed.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

## Ownership Certificates and Agricultural Land Declaration

### Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

### Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner\* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding\*\*

\* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

\*\* "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
