HERITAGE STATEMENT

Loft conversion with side and rear facing dormers at 4 Wath Road Elsecar.

This statement supports the planning application for a loft conversion at 4 Wath Road Elsecar. The site lies within the Elsecar conservation area designated in 1974.

Property 4 & 6 are a pair of semi detached houses built around 1930 and are not listed.

The proposed dormers will be tile clad to match the existing roof tiles thus blending in so as not to cause any obvious intrusion.
