Is the proposed development reasonably necessary for the purposes of agriculture?

- ☒ Yes
☐ No

If yes, please explain why

The Applicant makes 200 large round hay bales that need to be stored indoors to negate the need for wrapping at £5/bale and the associated environmental costs of plastic wrapping. Lamb creep has to be bought in bulk and stored undercover. Much of the farm machinery (tractor, mini digger, loader, shearing trailer, cattle trailer, tipping trailer, baler, fertiliser spreader, sprayer, muck spreader, harrows, rollers) needs to be stored undercover for security and reducing depreciation.

Is the proposed development designed for the purposes of agriculture?
