Andrew
As I said previously there is no objection to the submission of the application for the change of use; this proposal was acceptable including the parking provision, I just wanted to be sure that this development didn't impede on the proposal Keith was considering.

Latest plan attached. Parking and access to the adjoining site is now approved by highways.
Are we now ok to submit the Change of Use application .
Thanks
Andrew

Subject: 2015/ENQ/0420 Change of use from slaughterhouse to residential St James Square Hoyland
Dear Andrew
I am dealing with the above pre-app and I have not received any objections from Drainage or Regulatory Services.
Highways have not raised any objections in principle however they have noted that the red line boundary does not include a means of access to an adopted highway or the provision of any vehicle manoeuvring facilities; this should be included on any formal planning application submission.
I am aware my colleague Keith Pell is dealing with an enquiry 2015/ENQ/00266 in relation to the development of the larger piece of land to the east of this site.
Although I have no issues with the conversion of the building to a residential property, I do have concerns in relation to the parking space impeding the access to the larger site; I would suggest that a plan is submitted to Keith which indicates the conversion of this property and its associated garden area and parking space for him to comment in relation to his site.
