and specifications as approved unless required by any other conditions in this permission.

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 3 No development or other operations shall be undertaken on site, including any works of demolition, until a Construction Method Statement has been submitted to and approved in writing by the local planning authority. The statement shall include but not be restricted to:
- Detailed programme for the works;
 - Measures to maintain safe and uninterrupted access for depot staff, operational vehicles and emergency services;
 - Details of co-ordination with site management to avoid disruptions to day-to-day operations;
 - Site safety measures for personnel and vehicles during the works;
 - Temporary access arrangements as/ if required.

The approved statement shall be adhered to throughout the construction period.

Reason: To ensure the development is implemented in a safe and co-ordinated manner which minimises disruption to the operational requirements of the Depot and safe and efficient operation of the adjacent highway network and in accordance with Local Plan Policy T4 New Development and Highway Safety.

- 4 Prior to the installation of the induction lay-by hereby permitted, details of the location and layout of replacement car parking to compensate for those lost shall be submitted to and approved in writing by the local planning authority. The replacement parking spaces shall be provided in accordance with the approved details and made available for use prior to the induction lay-by becoming operational.
- Reason: To ensure adequate on-site car parking provision is maintained and to prevent overspill parking on the surrounding highway network in the interests of highway safety and in accordance with Local Plan Policy T4 New Development and Highway Safety.**
- 5 The external materials shall match those specified by the approved documents listed above.
- Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1 High Quality Design and Place Making.**

- Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance with Local Plan Policy POLL1 Pollution Control and Protection.**

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 It is recommended that measures are taken to prevent a nuisance/ or effect the quality of life of local residents. Please note that the Council's Pollution Control Team have a legal duty to investigate any complaints about noise, smoke or dust. No waste should be burnt. If a statutory nuisance is found to exist, they must serve an Abatement Notice under the Environmental Protection Act 1990. Failure to comply with the requirements of an Abatement Notice may result in a fine of up to £20,000 upon conviction in Magistrates' Court. It is therefore recommended that you give serious consideration to the steps that may be required to prevent a noise, dust or smoke nuisance from being created.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 23 September 2025

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
