Application No. 2011/0211
Erection of rear single storey extension to café
PJ's Café, 50 Market Street, Barnsley S70 1SN

Dear Ms Pell.

I refer to your acknowledgment letter dated 21st February, 2011.

I have now discussed this proposal with my builder and would be grateful if you would consider the attached plans which show a pitched roof construction to the extension instead of the flat roof shown on my original drawings.

My builder considers this more suitable for appearance, security and longevity and so I would be grateful if these amended drawings can be substituted for the originals.

Yours faithfully and with thanks

Mr Paul Dawtry.
