

NOTES

1. Driveway and car park surfacing design and construction to Engineer's Specification (by others).
  2. All dimensions are in millimetres unless otherwise stated.
  3. All materials shall comply with the relevant provisions of BS 5911 and the 'K100 Method'.
  4. Manhole covers and frames, grids and frames shall comply with the relevant provisions of BS EN 124. D400 class manhole cover to be used in untrafficked areas. A15 class manhole cover to be used in trafficked areas.
  5. Do not scale from the drawing. If in doubt ask.
- Sewer Man obtained from Yorkshire Water and sewers applied on to drawing approximately. Manholes to be filled and depths measured during detailed design stage to verify invert levels. Depth information provided by Yorkshire Water used for foul drainage strategy.
