

## REFLECTIVE ACOUSTIC FENCING

*Suitable for:*

*Noise Reduction*

*Highways*

*Businesses*

*Residential Premises*

*Housing Developments*

- ABC Reflective acoustic fences are widely regarded as a straightforward and highly effective noise reduction solution
- Sound waves meet the barrier and are redirected away from the protected area
- Our standard single sided reflective acoustic fencing generally has a minimum density of 11.66kg/pm<sup>3</sup> with a test rating of up to 28 dB\* in noise reduction
- Reflective acoustic fencing can be supplied on steel or timber posts, available in heights 1.8 to 5.0 metres and above
- Accompanying gates can be installed to match fence
