5. Pre-application Advice

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title: | First name: Andrew | Surname: Hannah

Reference: 101000169463

Date (DD/MM/YYYY): 13/01/2017 (Must be pre-application submission)

Details of the pre-application advice received:

The proposed property is located in the outside of the primary shopping / commercial centre, however, it is already in retail use (A1) and as such the change of use of the ground floor from a retail shop to café (A3) is permitted development. You will still need to formally apply for prior approval and include details of any extraction system and flue as part of this process as a key consideration will be noise and odour pollution.
The change of use of the office accommodation above the shop to residential may also be permitted development. However this is dependent on the office being in B1 use (and not A2, financial and professional services i.e. banks, estate agents etc) since 29th May 2013. This would need to be demonstrated through providing evidence such as rental agreements for the property. Again you would still be required to apply for prior approval to the council.
If the offices have not been in use or where occupied by a non B1 office use since 29th May 2013 you will need to apply for planning permission to change the use of the upper floors to residential.
In terms of the principle of the proposed change of use it is my view in both cases that this is likely to be acceptable.
