For the attention of Matthew Woodward

14th April 2011

Dear Sir

Application Number 2008/1145

Excavation and removal of former ash tip – West Road, Pogmoor, Barnsley

Further to your letter dated 11th March 2011 regarding the work to be carried out at the above site, please find below answers to your questions.

1. The precise date work started on site was 10th March 2010.
2. There are no other interested parties in the land.
3. The site will be restored with inert material. The compaction testing will be carried out by P.S.L. The overseeing and monitoring will be done by Wardell Armstrong. The filling is ongoing but due to the recession this is now slowing than we would have hoped.
4. The type of trees we intend to plant will be Blackthorn, Crab Apple, Cherry, Raspberry and Apple.

If you require any further information please do not hesitate to contact me.

Yours faithfully

Michael J Barrett
Director
